Experience

Data Analyst: Henley & Partners

March 2019 – present

I have freelanced for several years as a data analyst, working primarily on the [Henley Passport Index](#). I am responsible for researching policy updates and developing key insights through data analysis. I have also worked on the [Quality of Nationality Index](#) and [Henley Ultimate Portfolio](#).

Ethics Coach

July 2017 – present

I have offered ethics training modules for local gaming organisations such as [Bravado](#) and [ATK Arena](#), teaching young gamers how to conduct themselves in a mature and constructive manner and engage the world more critically. An example of material used can be browsed [here](#).

Head Coach

January 2016 – March 2019

I worked as the head coach for various professional Dota 2 teams, including one year at [Mineski](#), the leading esports organisation in the Philippines. Coaching work ranged from strategic planning to research and development, recruitment, analytics and behavioural interventions.

Esports Consultant

September 2015 – present

Examples include consulting on the planning of [two](#) \$300,000 [tournaments](#) in Southeast Asia, and research and development of advanced data analytics for [Skybox](#) and [Dotabuff](#).

Founding Partner at datdota.com

January 2015 – January 2018

Between 2015 and 2018 I helped to develop Dota 2's leading [statistical database](#), with my primary role being directing innovation toward more practically applicable and accessible features.

Live Broadcast Talent and Columnist

January 2013 – May 2020

I have appeared as [on-air talent](#), specialising in both quantitative and qualitative analysis for large gaming productions. Examples include [SL i-League Season 1](#), the [Shanghai Major](#), and GESC: [Jakarta](#) and [Bangkok](#). My [analysis](#) is published in prestigious esports publications such as [ESPN](#).
